

Arpy Ohanian

Operations Administration

I joined Lifewise Ingredients in 2018 as the Operations Administrator. I'm responsible for receiving and processing all orders for our customers. I also handle accounting, A/P and A/R.

Prior to Lifewise, I was an Accountant at Milwaukee Public Schools and the Senior Accountant at MLG Commercial LLC. During my tenure at Milwaukee Public Schools, I helped the company evaluate and document current accounting procedures, provide recommendations for improvement, assist with the re-engineering process, and assist in the preparation of state financial reports.

I'm a graduate of UW-Milwaukee, where I double majored in Accounting and Real Estate.

I currently live in New Berlin, WI with my husband, Scott, and my dog, Miley.

When I'm not keeping busy with processing orders and paying bills, you can find me cruising on my pontoon boat or swinging my clubs on the golf course.
